*We now manage 'may contain' statements. May contain on the Key Allergen Matrix indicates that 'may contain' has been voluntary provided by the food manufacture on ingredients. Manufacturers are only required to provide the 'contain' information on the 14 EU key allergens used as ingredients in the food and drink they provide. As there is no specific legal requirement for food manufacturers to label food with 'may contain', this may not be conclusive and therefore we cannot guarantee any product may not contain traces.*
